Notes

Based in Melbourne, Australia, Brighley Dangerfield is developing her acting career and is predominantly trained by Kristina Sexton in her intensive course. She has been consistently working on her craft over the past few years and has experienced learning under teachers such as Gabby Rogers, Joey Viera, Ben Parkinson, Ellie Popov, Brad McMurray and Darren Gilshenan, .

After experiencing her first time on set and regularly featured in Baz Luhrmann's Elvis Biopic, she quickly realized that this was the career path she needed to pursue. Without hesitation, she enrolled herself in training, started networking with other people in the industry, took on more film work, and built up her resume in quick time.

Not shy to give her 100% or make connections, Ms. Dangerfield has a natural talent to understand story and character, and easily takes direction where requested.
