### **All Abilities Acting Class/Screen Actors Australia 2024-Ongoing**

I have built acting technique and on-camera skills through working on short scenes: analysing, rehearsing, filming, and reviewing my acting with my peers.

### **Professional headshots shoot 2025**

I attended a professional head shot shoot, where I received headshots of my commercial and theatrical looks. Perfect for auditions, casting profiles, and industry submissions.

### **Showreel Production Course September 2024**

- The process begins with analysing a script.
- Working closely with a director to align on performance, tone, and the creative vision of my showreel.
- The scene is then filmed, with footage captured specifically to showcase my skills on screen.
- Following the shoot, the Editor shape the footage into a polished, industry-ready showreel suitable for casting and professional use.

### **Screen Actors Australia Hollywood Intensive 2024**

I attended The Hollywood Intensive: Training Intensive where I took classes with two of the world-renowned Acting Schools in Los Angeles – the Stella Adler Academy of Acting and the Sanford Meisner Centre.
